ABOUT US

TWISTY WRAP ENTERPRISES

OUR STORY

We supply packaging solutions built to protect your goods from the warehouse floor to the customer's door — secure, dependable and increasingly sustainable.

From stretch film and recyclable honeycomb to cartons, tapes, foams, printing and workplace safety supplies, our range is designed around the way your business stores, handles and ships its products. We work with you to specify the right material, the right size and the right quantity.

01

Reliable protection

Materials strong enough to hold loads together and protective enough to safeguard products.

02

Responsible choices

Bio-degradable and recyclable options wherever they suit your application.

03

Easy specification

Clear product families, sizes and options so ordering the right item is simple.

OUR VISION

PROTECT. PACKAGE. PERFORM. SUSTAIN.

1

PROTECT

Secure, dependable materials for every load.

2

PACKAGE

The right format and size for each product.

3

PERFORM

Consistent supply for warehouse and dispatch.

4

SUSTAIN

Increasingly sustainable material choices.

PACKAGING

TWISTY WRAP ENTERPRISES

Stretch film, honeycomb, cartons, tapes, foams and bubble wrap that hold loads together and protect what is inside.

01

BIO-DEGRADABLE

STRETCH FILM — BIO-DEGRADABLE

High-cling wrapping film in biodegradable / oxo-biodegradable grades that binds pallets and loose loads into one stable, protected unit.

02

STRETCH FILM — NON BIO-DEGRADABLE

Conventional LLDPE high-cling stretch film for dependable pallet wrapping and load stabilisation.

03

RECYCLABLE

HONEYCOMB PALLETS

Lightweight, high-strength paper honeycomb pallets — a recyclable alternative to wood for export shipments.

04

RECYCLABLE

HONEYCOMB BOXES

Shipping boxes built from recyclable paper honeycomb for shock-absorbing, lightweight protection.

PACKAGING

Every item can be specified to your load, product or campaign. Ask us for the option that fits.

05

HONEYCOMB DIE CUTS

Die-cut paper honeycomb shapes for cushioning, void filling and box lining.

Cut to product shape Void filling Box lining

06

HONEYCOMB PARTITIONS

Internal honeycomb partitions that separate and protect items within a single shipment.

Product separation Rigid, lightweight panels Paper-based recyclability

07

HONEYCOMB DISPLAYS

Retail and exhibition displays built from rigid, recyclable paper honeycomb board.

Rigid and lightweight Easy to transport Printable surfaces

08

HONEYCOMB DOORS

Paper honeycomb door cores — a lightweight, high-strength core material.

Lightweight core High-strength cell structure Paper-based recyclability

PACKAGING

TWISTY WRAP ENTERPRISES

Stretch film, honeycomb, cartons, tapes, foams and bubble wrap that hold loads together and protect what is inside.

09

RECYCLABLE

HONEYCOMB WRAP / PROTECTIVE HONEYCOMB

Paper-based cellular wrap for cushioning, product wrapping and void filling.

10

RECYCLABLE

3 PLY CARTON BOXES

Light-duty corrugated shipping cartons, custom sized and printed to your product dimensions.

11

RECYCLABLE

5 PLY CARTON BOXES

Heavy-duty corrugated cartons for heavier goods, stacking and long-distance transport.

12

CUSTOMIZABLE

PLASTIC TAPES (BOPP)

BOPP plastic tapes for carton sealing and bundling — clear, coloured and printed.

TWISTY WRAP ENTERPRISES

PACKAGING

Every item can be specified to your load, product or campaign. Ask us for the option that fits.

13

PAPER TAPES

Reinforced kraft paper tapes for carton sealing, with eco-friendly variants.

Reinforced kraft paper Carton sealing Eco-friendly variants

14

CUSTOMIZED INDUSTRIAL FOAMS

Engineered foam inserts and sheets, CNC die-cut to your product's geometry.

CNC die-cut to product shape Cushioning and shock protection Product separation

15

BUBBLE WRAP

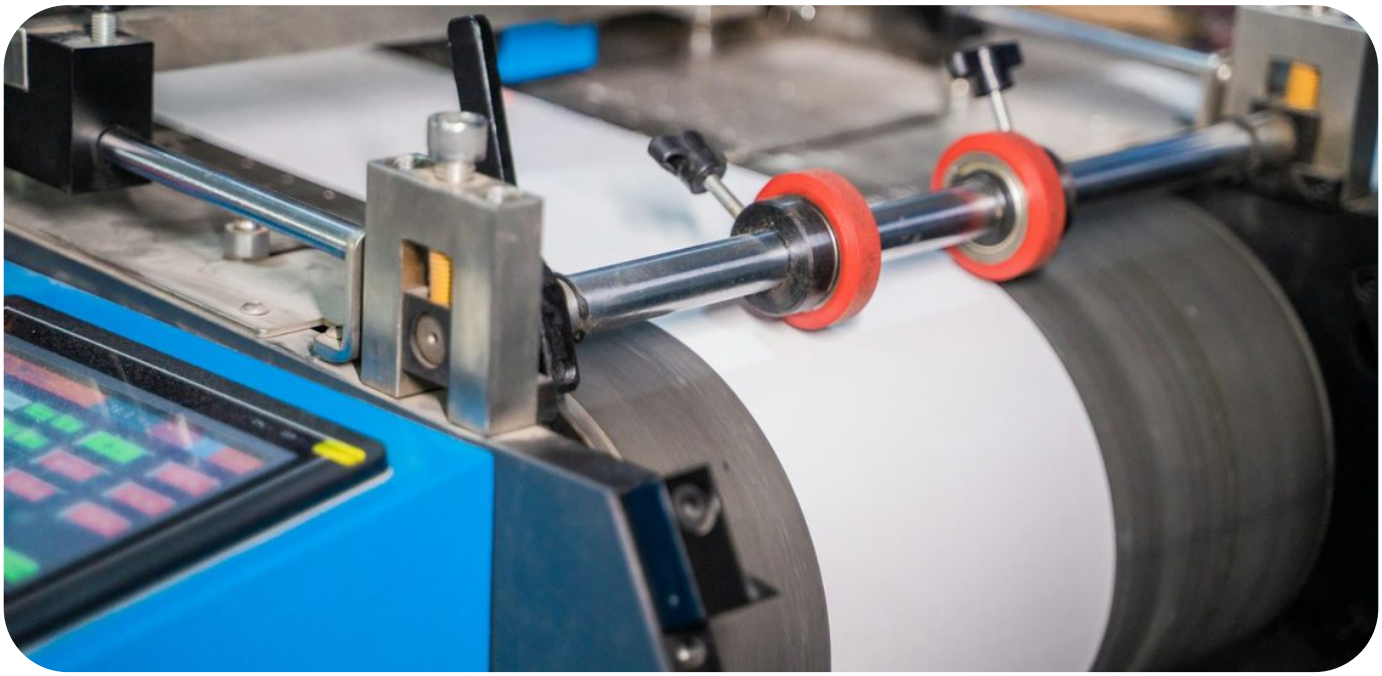

Air-cushioned polyethylene wrap for surface protection and shock absorption, including anti-static grades.

Air-cushioned protection Multiple bubble sizes Multiple film thicknesses

PRINTING & DISPLAY

TWISTY WRAP ENTERPRISES

Industrial stickers, banners, sun boards, eco-friendly printing and display boards for factory, retail and exhibition use.

16

CUSTOMIZABLE

INDUSTRIAL STICKER PRINTING

Custom-printed labels and stickers for identification, handling instructions, barcoding and branding.

17

RECYCLABLE

RECYCLABLE BANNERS

Printed banners and signage on recyclable, PVC-free substrates — plus flex, cloth and UV print options.

18

CUSTOMIZABLE

SUN BOARD WITH PRINTING

Lightweight rigid PVC foam boards with high-resolution UV printing, cut to any shape.

PRINTING & DISPLAY

Every item can be specified to your load, product or campaign. Ask us for the option that fits.

19

ECO-FRIENDLY MATERIAL PRINTING

Printing on biodegradable and recycled substrates — kraft paper, recycled board and bio-films.

Kraft paper, recycled board, bio-films Soy- or water-based inks on request Custom printed materials

20

DISPLAY BOARDS

Custom point-of-sale and instructional display boards and stands, in foldable and knock-down formats.

Point-of-sale and instructional formats Foldable formats Knock-down formats

INDUSTRIAL & SAFETY

TWISTY WRAP ENTERPRISES

Gloves, helmets, reflective jackets, masks, glasses and safety shoes for shop-floor and warehouse teams.

21

INDUSTRIAL GLOVES

Hand protection across cotton, nitrile-coated and cut-resistant grades, selected by task.

22

SAFETY HELMETS

ISI-marked industrial safety helmets with colour codes and adjustable ratchet fit.

23

REFLECTIVE JACKETS

High-visibility jackets with reflective strips for shop-floor, warehouse and loading-bay personnel.

INDUSTRIAL & SAFETY

Every item can be specified to your load, product or campaign. Ask us for the option that fits.

24

MASKS

Dust and particulate protection masks in disposable and reusable filter variants.

Dust and particulate protection Disposable variants Reusable filter variants

25

SAFETY GLASSES

Safety goggles and protective eyewear with anti-fog and scratch-resistant options.

Dust, debris and splash protection Anti-fog options Scratch-resistant options

26

SAFETY SHOES

Steel-toe or composite-toe industrial footwear for factory and warehouse floors.

Steel-toe option Composite-toe option Crush and puncture protection

BUSINESS & STATIONERY

TWISTY WRAP ENTERPRISES

Thermal rolls and packing-line consumables that keep billing, dispatch and warehouse desks running.

27

THERMAL ROLLS

Thermal printer rolls for barcode printers, weighing scales and billing/POS systems.

28

OTHER INDUSTRY STATIONERIES

Packing-line and warehouse consumables — cutters, markers, strapping tools and measuring equipment.

SUSTAINABLE PRODUCTS

TWISTY WRAP ENTERPRISES

Bio-degradable, recyclable and eco-friendly material options developed around your specification.

29

BIO-DEGRADABLE

OTHER RECYCLABLE & BIO-DEGRADABLE PRODUCTS

Compostable pouches, bio-based void-fill and recycled strapping, built to client specification.

OUR APPROACH

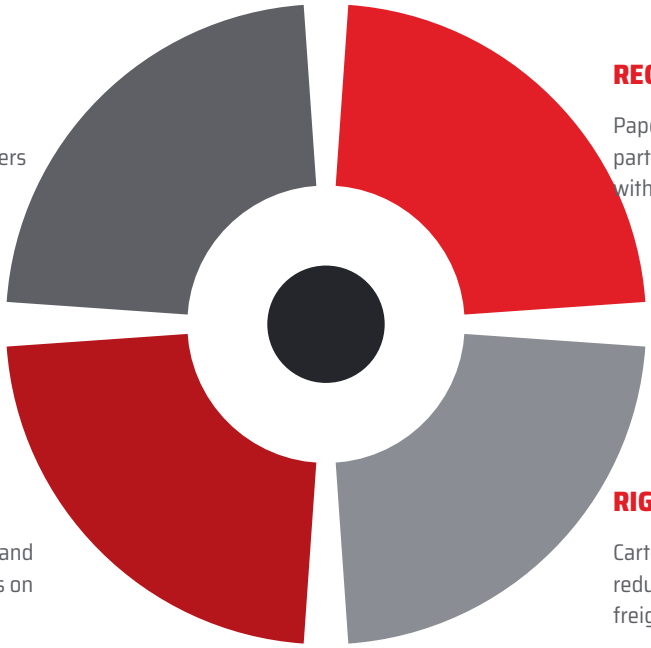

TO SUSTAINABLE PACKAGING

BIO-DEGRADABLE OPTIONS

Bio-degradable grades such as our bio-degradable stretch film, for customers moving to more responsible materials.

RECYCLABLE MATERIALS

Paper-based honeycomb pallets, boxes, partitions and wraps that can be recycled with paper waste.

ECO PRINTING

Printing on kraft paper, recycled board and bio-films, with soy- or water-based inks on request.

RIGHT-SIZING

Cartons and inserts sized to your product reduce unnecessary material, void fill and freight volume.

We use factual, responsible language: sustainable options depend on the product, the grade selected and local recycling or disposal facilities. Talk to us about which option is suitable for your application.

GET IN TOUCH

TWISTY WRAP ENTERPRISES

LET'S SPECIFY THE RIGHT PACKAGING FOR WHAT YOU SHIP.

Tell us about your products, loads and shipping routes. We will help you identify the right film, honeycomb, cartons and quantities — and supply the printing and safety items your team uses every day.
